

Pen Refills/Staples

Golf Bag/trolley. Available in packs of 3 red, black or blue or a tripack of 3 (one each colour)

Clock Pens. Available in a pack of 3 refills for IMP444S and IMP444B. Please note IMP444W requires a different pack of 3 refills.

Wood pens. Most wood ball pens require a 'Cross' style refill, which are available as a pack of 3 black or 3 blue. Please note pen models IMP320 and model IMP321 require a 'Parker' style refill, available at all good stationers.

Cartridge Pens. All models of cartridge pens use standard ink cartridges, available from all good stationers.

Rollerball Pens. Available in a pack of 2 black refills.

Bug and Sealife pens use a refill, available from us. Available in a pack of 2 refills

Bug and Sealife staplers use no.25 staples.

Batteries

All clock pens, keyring clocks, clock cufflinks and sports watches require one SR626 (377) silver oxide battery.

Origin Binary and LED Watches require one CR2032 Lithium Battery for IMP 917 and two CR2032 for IMP 918 and IMP 919.

Seline Watches require one SR626 (377) silver oxide battery. Dual time models (IMP910 and 911) require two SR626 (377) silver oxide batteries. Seline Chrono Watches require one SR927 (399) silver oxide battery. Miniature clocks and crystal clocks require one SR626 (377) silver oxide battery - except IMP1023 High Heel shoe, which requires one SR621 (364) silver oxide battery. Models 423 and 440 require two SR626 (377) silver oxide batteries. Models IMP37, 95 and 1007 require one SR626 (377) silver oxide battery for the clock movement and two SR626 (377) silver oxide batteries for music module. Model IMP441 Street Post requires four SR626 (377) silver oxide batteries. Models IMP1071R Large Tanker with radio, IMP1076 and IMP1077 Motorbikes with radio also require two AAA batteries for the radio.

Alarm Clock models IMP101,106, 107, 108, 609 and 614 require one AA alkaline battery.

Models IMP601, 604, 605, 606, 607, 608, 610, 611, 612, 615, 616, 617 and 618 require one SR44 (357) silver oxide battery. Models IMP20, 613 and 1051 require one SR626 (377) silver oxide battery. Model IMP404 requires two AAA alkaline batteries. Animal voice alarm clocks require three AA alkaline batteries

The Bug Store.

JL1 Illuminated Microscope requires two LR44 (Alkaline) or two SR44 (Silver Oxide) batteries. Busybugs require one SR44 battery

SR Silver Oxide batteries are roughly double the price of LR Alkaline batteries but last approx. 5 times longer.
